# ANNOUNCEMENT

## SUBJECT: Excellence in Information Science and Technology Award Nominations Due: March 12, 2004

Nominations are now being accepted for the fourth annual Excellence in Information Science and Technology (IS&T) Award. All Goddard civil servants are eligible to receive this award. This award is presented at a special ceremony at the concluding seminar of each year's IS&T Colloquia Series. The award will be conferred on May 19, 2004, in the Building 3 Goett Auditorium, at 3:30 p.m.

This annual award is presented to a Goddard employee who best exhibits broad accomplishments in the area of IS&T. This award may be for career achievement or a specific contribution to the field of IS&T that was completed in the previous year.

All Goddard employees are invited to submit nominations, and there is no limit to the number of nominations that may be submitted. While brevity is desirable, the text of the nomination should clearly describe the nominee's accomplishment(s) and its significance. Please include any supporting documentation you feel would be relevant. You may be contacted by an IS&T committee member for additional information.

Nominations may be made by completing the nomination form found either on OHR's website at: <http://ohr.gsfc.nasa.gov/awards/isandt.htm>; or on the reverse of this announcement and submitted to Theresa Wirth, Code 114, in bldg. 1, Room 143 or sent electronically to [twirth@pop400.gsfc.nasa.gov](mailto:twirth@pop400.gsfc.nasa.gov).

This past year has been full of challenges and accomplishments. As we look to consider who should be nominated for an IS&T Award, I ask each of you to consider your peers, subordinates, supervisors, contractors, industry and academic partners, and even yourself, for this award. Each one of us plays a vital role in accomplishing the Center's mission. Please take this opportunity to review the awards criteria and nominate those who should be considered.

Questions concerning submission of these nominations may be directed to Theresa Wirth at 301-286-4574. All nominations must be received by the Awards Office no later than March 12, 2004. For further information on the GSFC Honor Awards Program, please contact Khrista White, GSFC Employee Benefits Specialist, at 301-286-9059, [Khrista.N.White@nasa.gov](mailto:Khrista.N.White@nasa.gov) or visit OHR's website at: <http://ohr.gsfc.nasa.gov/awards/home.htm>.

I want to add my personal request to this call for active employee participation both in submitting nominations and attending the colloquium where this award will be presented.

  
A. V. Diaz  
Director
